# MESSAGE FROM THE PRESIDENT

On behalf of Defiance College, thanks to all of you who made a charitable contribution during the fiscal year July 1, 2006-June 30, 2007. During that time period, the College received \$2,436,798 in gifts and grants from its alumni, members of the Board of Trustees, friends of the College, parents, churches, the government, and corporations and foundations both national and local in scope. In making their gifts, all of these donors have sent an important message of support and confidence in our students and faculty and in our nationally recognized programs.

Dr. Gerald Wood

When I looked at the charts on the next page and the lists of those who helped make the 2006-2007 fiscal year a good one, I noted that it takes all kinds and sizes of gifts to a wide range of funds and projects to support and grow the whole dynamic that is Defiance College.

Of special note, the Annual Fund closed 11% ahead of the previous year. More than \$1.1 million was contributed to fund those important enrichment components for our students that enable them to stand out from the competition. Providing this extra measure of scholarships, faculty development funds, library resources, co-curricular development and athletic support is the essence of annual fund giving. Giving at this level helps make the difference for our students now and in the future.

At the same time, funds for special initiatives continue to distinguish the College as highlighted by the article on the Hench Autism Studies Program earlier in the magazine. We are taking the initiative to improve the facilities on campus. While you will be reading and hearing more about these efforts, let me say that the improvements to Tenzer Hall, bringing it to state-of-the-art readiness, gives us the ability to deliver 21st Century science instruction. We are renovating McReynolds and Whitney residence halls along with Schomburg Auditorium. We anticipate constructing a new field house and residence hall. Individuals have already begun to contribute to these projects. We are a college on the move and the trajectory of that movement is on the rise.

There is much in common of the Defiance College of today with what alumni have known in the past. I have yet to meet alumni of DC who, when they know the great things happening, do not feel a sense of pride. For alumni, DC is part of your identity. For friends, our mission of engagement helps connect you to this place.

What is it that you should be proud of? Students not only receive an excellent classroom education here but they take it into the world utilizing their knowledge to benefit humanity or alleviate suffering. They must be involved with academic research surrounding their capstone project and write and present their work in their senior year. Our brand of education inspires good citizens and provides an excellent foundation for professional achievement.

I have more to say about these matters, and I will as we move forward. However, today, I say thank you for helping make this College the gem that it is. More and more people are coming to realize the added value that a Defiance College education provides, its traditions, and its amazing program and people. Each year we polish our gem more brightly. Truly, we are able to move forward with distinction because of your investment in us.

Sincerely,

Dr. Gerald W. Wood, Ed.D., President
